## 1. Assembly

### 1.1. Preparation

Elastic ties (2)

Frame pieces (2)

Coupler bars with snap link (2)

### 1.2. Snap link

step① press

step② plug

step③ pop up automatically

### 1.3. Frame

According to 1.2 Snap links, you can assembly the frame within one minute.

### 1.4. Elastic Tie

The Elastic tie has been process become a ring. You can harness the elastic tie to the frame, move the ties to the position what you want.

## 1.5. Finish

Now, all is ok, please turn it and enjoy your CCyell!

## 2. Groove Gallery

Movement

Oral pleasure

### 2.1. TROT

The classic CCyell position that satisfies every time. The convex saddle shape gently compresses her anatomy into a velvet vice - a unique sensation no other toy can give - rendering extra stimulation and pleasure for both partners. Alternate with Flexing for a ride that's got energy and nuance.

### 2.2. FLEXER

Nothing beats a slow, sensual flexing. One of the easiest, most pleasant position that can give you The CCyell. Alternate with the Trot, or reverse directions for more intimacy - the Flexer can be done facing either way. Always place legs through The CCyell as shown to prevent tipping.

### 2.3. HAMMER

Extra control for her, with an exotic clamping action on the upstroke. Have her grip the sides and pull down for greater penetration. You can use towels and pillows for more comfortable ride.

CCyell, the best furniture for your bed and car, try what you never tried!

## 2.4. BLISS BOX

Give her the full treatment. A rock-hard shaft and a pair of loving hands at the same time render a potent, soothing climax. Position next to a bed or other firm support for his comfort.

## 2.5. DOGHOUSE

Throw her over the doghouse - a natural for doggy-style lovers. A classic position freed of awkward balance and position issues, and now also allowing her to masturbate comfortably while enjoying vigorous rear entry. Put a thick towel on the saddle for her comfort.

## 2.6. CAT CAGE

Get in the cage for her intimate oral pleasure. It's never been this effortless - no more neck cramps and burning arms. Always exercise caution when sitting down on an occupied CCyell.

## 2.7. FLYING CARPET

One of the most intense positions in the Positions, and one of the most challenging. Use a towel on the saddle to prevent slipping and watch balance at all times. Position CCyell away from hard objects.

## 2.8. LAMMER

A playful position that's perfect for impromptu scenarios and risky situations. A gentle rocking motion sends her back and forth on his shaft. Always keep The CCyell planted firmly against wall.

## 2.9. PRONGER

Armchair sex has truly arrived. Just slip his shaft through the hole and line her up for pleasure. Watch carefully for tipping when executing the Pronger, and always position with back to bed or other support.

## 2.10. SHAFTER

Extra control and authority for a position that demands a strong performance. Have him go "hands-only" for a more athletic position - just curl legs back over thighs.

## 2.11. PLUNGER

One of the most popular positions, offering soothing penetration in the comfort of a loving embrace. Let him bounce her for a heady ride to ecstasy. Position next to a bed or other firm support for his comfort.

### 2.12. FLOWJOB

Intensely pleasurable oral satisfaction for him. Horizontal orientation yields maximum output. Keep feet planted on the ground; never go "hands only" in this position. Always exercise caution when sitting down on an occupied CCyell.

### 2.13. SIXTY-NINE

A classic position, now updated for ease and comfort - everything where you want it, without tension or strain. Put a thick towel over the saddle for her comfort.

### 2.14. NINETY-SIX

A previously rare version of sixty-nine, now an easy, comfortable position with more control for both partners. Keep feet planted on the ground; never go "hands only" in this position. Always exercise caution when sitting down on an occupied CCyell.

### 2.15. THROTTLE

Perfect for a slave scenario. Let her control his tongue action by his "joystick" - just work out a set of simple signals. Always sit carefully on an occupied CCyell.

### 2.16. MILK RUN

A tricky old favorite - now a sure thing. Just have her slip her breasts around his shaft and let him do the bouncing. Combine with the Hot Trot for extra pleasure.

### 2.17. ARCH ANGEL

You just have to try it to believe how good it feels. A rhythmic bearing down does the trick. Lubricate just her arches and use a towel on the saddle for stability.

### 2.18. FLYING FIRST

For the hand-lover who likes an extended pleasuring. Even a frenzied beating is easy to sustain. Use two hands for tough jobs.

### 2.19. HOT TROT

The CCyell makes it finally possible to masturbate to strong, rhythmic penetration. An effortless position and a truly erotic sight to behold. Alternate with Hot Flexing for extra pleasure. Use only toys that prevent over-penetration.

## 2.20. HOT FLEX

For a nuanced ride that fits her rhythms perfectly. Alternate with the Hot Trot for extra pleasure. Use only toys that prevent over-penetration. Always position with a supporting surface at her back to prevent tipping.

## 2.21. TWEAKER

Rhythmic nipple-tweaking for extra stimulation and pleasure. Always use highly elastic cord to prevent injury.

## 2.22. SPIN DOCTOR

Put tassels on her and you get a feverishly visual brand of coitus. Challenging for her, but especially thrilling when sustained through climax.

## 2.23. CAT CAM

Bring in a small stand-mounted mirror for positions like the Trot and Flexer and angle it so she can see underneath. A surprisingly erotic ritual.

## 2.24. JOY CIRCUIT

An erotic feedback loop, amplifying need and gratification in quickening circles to explosive release. Always sit carefully on an occupied CCyell.

## 2.25. GIVE-N-TAKE

Very challenging for her, but one of the most intense acts of its kind - a psychosexual experience to be savored and prolonged. Use only suitably stable surfaces for supporting The CCyell. Lubricate the saddle thoroughly for best results.
